

TAMILARASAN D

UI Developer/Designer

+91 9360535760 | tamilarasn@gmail.com | Chennai-32

EXPERIENCE

UI/UX Designer with over 2 years of experience designing user-friendly and visually appealing interfaces for web and mobile applications. Skilled in responsive design, agile methodologies, and user-centered principles to create seamless and engaging digital experiences.

PROFESSIONAL EXPERIENCE

In22labs (2023 - Present)

- Created user-friendly designs for websites and mobile apps using Adobe XD, Figma, and Illustrator.
- Built responsive designs using HTML, CSS, Bootstrap, and JavaScript to ensure they look great on any device.
- Enhanced user interest in various projects by up to 80% through improved design.
- Conducted user tests and research to gather feedback and improve the user experience.
- Designed wireframes and prototypes to help visualize the final product.
- Worked closely with development teams to ensure designs were implemented correctly and functionally.
- Used Scrum methods to manage projects efficiently and deliver on time.
- Managed design changes and versions with Git and GitHub.
- Regularly updated and maintained an online portfolio to showcase a variety of design projects.
- Demonstrated strong problem-solving skills to overcome design challenges.
- Communicated effectively with team members and stakeholders to ensure project alignment and success.
- Currently learning React to enhance front-end development skills and build dynamic, component-based user interfaces.

INTERNSHIP EXPERIENCE

Fintechgie (2020 - 2022)

During my internship, I contributed to the Qifi Holistic Wellness Web Application, refining my skills in the fintech sector. I worked on enhancing the user interface, focusing on responsive and user-friendly design to improve the overall user experience.

SKILLS

- HTML
- CSS
- BOOTSTRAP
- JAVASCRIPT
- REACT
- ADOBE XD
- ADOBE ILLUSTRATOR
- FIGMA
- GIT
- WAMPP
- MAMP

EDUCATION

- B.E. in Computer Science and Engineering with a CGPA of 8.0 from Sri Shanmugha College of Engineering and Technology, Salem, earned from 2019 to 2023.
- HSC with 62.3% from Reliance Matric Higher Secondary School, Kumarapalayam, completed in 2018-2019.
- SSLC with 86.2% from SPB High School, SPB Colony, completed in 2016-2017.

PROJECTS

As a skilled front-end developer with expertise in HTML, CSS, Bootstrap, and JavaScript, I have successfully completed numerous projects. My proficiency extends to designing user interfaces and experiences using Adobe XD, Illustrator, and Figma. I specialize in creating responsive, visually appealing, and user-friendly websites and applications.
